

# Rosie Hippo

Inspired children. Happy planet.

presents Claire Kaplan, LCSW  
for a

## Free Parenting Workshop

In the first year of life, your baby's primary way of communicating is through movement. The non-verbal interactions between you and your baby affect his/her interests, preferences and ways of coping in the world.

In this workshop, we will use movement explorations to help you understand how your basic style of moving influences your relationship with your baby.

**Wednesday**  
**May 8<sup>th</sup> 7-9pm**

Claire Kaplan, LCSW, has a psychotherapy practice in New York City and South Orange, NJ. She specializes in working with parents and has over 12 years of experience working with individuals and groups. Claire is a mother of two.
